HUNGRY GERMANS FILL THE HOTELS OF SWITZERLAND

City of Zurich is Filled Daily
With Visitors Out For a
Square Meal

MANY FAMILIES MOVE
THERE FOR WAR PERIOD

Poorer People Send Children
There For Care, "Outing
Trains" Encouraged

By Wm. Philip Simms
Zurich, Switzerland, Feb. 13.—(By Mail)—Hungry Germans fill this city and Switzerland generally, to overflowing. They are down here to get a square meal.

Rich Germans are sending their families to Switzerland, in many instances for the duration of the war. Others, not so rich, but with the price are in the habit of sending their families down there periodically for the "food cure." Still others, the middle class, unable to do either send their children to Switzerland, boarding them out among the thrifty farmers and town dwellers.

Throughout last summer "outing trains" each bringing from 300 to 500 children into Switzerland, were encouraged by the German authorities. They said the children were merely out for a picnic and would return to Germany.

But the picnic season has been over a long time and the children are still in Switzerland, eating the bread (sent from the States past the U-boats manned by the fathers and brothers of these children); bread which is daily costing the lives of American men and even women and children.

This is no plea to stop this bread. The United States must keep on sending it. Because the Prussian pirates murder women and children is no argument in favor of Americans murdering babies. I am setting down these facts merely to show the difference between swine and human beings. History will point the same moral.

There is not a vacant chalet, flat or hotel in all Switzerland, so far as I am able to discover. The Germans and their hungry allies are occupying most of them.

The American consul at Berne is forced to live in a hotel because there is no other place for him.

The same is true of the American chargé d'affaires. Berne is packed with German officials and secret agents. So is the rest of Switzerland. And a country which normally houses a smaller population than New York City alone, they quickly pre-empted all available dwellings.

I am told there are 85,000 Germans here. There are many rich Turks and Bulgars and not a few Greeks. Tito, who once was King of Constantinople, lives here in a sort of castle on the top of a hill and about him is quite a colony of his countrymen. He is perfectly confident that he will return to Greece as king one of these days.

But in all this the Swiss themselves are chief sufferers. Of their meagre food supply they must divide with all alike. And they do it with very good grace. They feed thousands of interned prisoners and take care of the sick of all the belligerent armies.

Not alone with their Red Cross work are they doing charitable wonders, for every man, woman and even the babies are suffering privations that others—perhaps their enemies—may not go hungry.

MISS MILLY PARSONS HAS NARROW ESCAPE

Miss Milly Parsons was considerably bruised Thursday when she was struck by a Lake Shore train at the Huron street crossing, while on her way to the Peninsular Paper mill where she is employed.

The train was upon her before she noticed it and a quick turn which she made probably saved her life. The pilot of the engine struck her in the back, throwing her headlong at the side of the track. She was taken on to the mill, believing that her injury was not serious, but after she had been there a short time she became ill and was taken to her home where she is still confined.

WILSON'S PEN BIGGEST FACTOR IN PEACE PLANS

Is Said to be Doing More For
The Cause Than Twenty
Million Swords

OPINION EXPRESSED BY
VATICAN AUTHORITIES

Sees Needed Guidance In
"Democratic Sermons to
World," by President

By John H. Hearley
Rome, Feb. 15.—(By Mail)—President Wilson's pen is doing more for the cause of a just and popular peace than twenty million swords. Vatican authorities and the Holy Father himself candidly express this opinion. The president's periodical address to humanity, and not the years, are regarded as the mile posts by which history will measure the war's length.

Like countless other observers, the Pope sees that the warring people need political light and guidance. St. Wilson's "democratic sermons to the world" admittedly find a sympathetic and applauding audience in the white-robed figure of the Vatican.

Foreign nuncios all make substantially the same report to the Holy See. "President Wilson in reality not only feels the popular pulse, but touches the popular heart."

The Pope, although a noble by birth, apparently is a "law and order Catholic socialist" in his own political philosophy. He is said to have under preparation a series of encyclicals and addresses on labor and social subjects for publication at the war's end.

His Holiness is still hopeful that arms will be stacked before the summer's end. He sees peace already approaching.

AID WOMEN SEW ON HOSPITAL SHIRTS

The M. E. Aid society met Thursday afternoon with Mrs. W. R. Schaffer and worked on army hospital shirts. A hospital committee consisting of Mrs. Elmer Brown, Mrs. W. W. Vernon and Mrs. Guy Davis was appointed by the president, Mrs. F. H. Zeigen.

The next meeting will be an all day one and will be held at the church.

MACCABEES PLAN RED CROSS WORK

Queen City Hive, No. 64, L. O. T. M., met Thursday evening in the hall on East Cross street for the regular business session when it was decided to meet to work every first Wednesday in the month at the Red Cross rooms.

The Boy Scouts and the Scout Master, T. S. Clayton, principal of the junior high school, who succeeded Prof. W. George Duncan, gave a demonstration of their work at the close of the formal session.

Refreshments were served. Plans will be made at the next meeting for the anniversary meeting to be held in April.

YPSILANTIANS TO ADDRESS GRANGERS

Ypsilanti will be well represented on the program for the grange meeting in Chelsea Saturday. Prof. Harvey will discuss the subject, "Our Girls and Boys," readings will be given by George Preston and music will be furnished by the orchestra.

PLANES AGAIN REACH LONDON IN AIR RAID

Announcement is Made by Lord
French, Commander of
Home Defense

SEVERAL HOUSES
ARE DEMOLISHED

Two Planes Attack City and
Others Drop Bombs In Ad-
joining Country.

London, March 8.—Eleven persons were killed and 46 injured in last night's air raid over London. Lord French announced today. He added that it was feared six others are still buried in the wreckage.

Reports from the coast declare that a vivid aurora borealis over the North Sea illuminated the coast and made possible last night's moonless air raid.

The same phenomenon was visible throughout the northern part of the United States last night.

London, March 8.—London was raided by enemy airplanes last night. Lord French, commander of the home defense forces, announced today.

Two enemy airplanes of a fleet of seven or eight, succeeded in reaching the city, it was stated. These dropped several bombs.

Two other planes, coming up the Thames Estuary, were turned back before reaching London.

Others crossed Essex, dropping bombs southwest, northwest and north of London. Several houses were demolished.

ALL RUSSIA TO BE PUT UNDER ARMS

Plans Are Now On Foot For
Such a Move at Suggestion
Of War Commissariat

TRAINING FOR ALL
IN MILITARY SCIENCE

Operations of Germans Halted
According to Order By Gen.
Hoffmann

By Joseph Shaplen
Petrograd, March 5.—The war commissariat today published a plan for arming the whole Russian people, offering an immediate opportunity for all desiring to learn military science to prepare for a renewal of the war in the future.

After withdrawal from Narva the Russians retreated to Jamburg, which they fortified with the aid of reinforcements from Petrograd.

Railway men from Narva report the Germans halted operations in accordance with General Hoffmann's order.

Witnesses say the bombardment of Narva was begun Sunday and was renewed with intensity Monday, causing numerous explosions. The Russians attempted a stand outside the city but were obliged to fall back owing to the enemy's artillery fire. The German occupation of the city was accomplished Monday afternoon.

MANY HERE SEE NORTHERN LIGHT

MAGNIFICENT DISPLAY VISIBLE
IN LOWER MICHIGAN ON
THURSDAY EVENING

Those who went to bed early last night missed a peculiarly beautiful display of aurora borealis which permeated nearly the entire dome of the heavens. The streamers were wonderfully colored and were from a deep red to a dainty green. Instead of streaming from the north as they usually do, they streamed from every point of the compass and seemed to cross in the center of the heavens. The luminous arches remained visible for about an hour.

These appearances of the aurora borealis in low latitudes accompanied by disturbances of the magnetic needle have come to be called "magnetic storms" and are frequently of sufficient intensity to disturb or interrupt the working of long telegraph lines, or sometimes to cause them to be worked temporarily with the battery current reversed or with no battery at all connected with the lines.

Their origin is said to be connected with disturbances of the sun, generally some violent eruption of spots or sudden explosive ejection of hydro-gen clouds. So far as is known, these magnetic storms are the only manifestations of these solar disturbances which effect the earth, although some attempts have been made to show a connection between them and terrestrial storms. But no connection of this kind has been proved. The effect upon the magnetic condition of the earth, however, is believed to be demonstrated beyond question.

Chicago, March 8.—The heavens were on a spree last night, treating the entire Middle West to an elaborate display of northern lights.

The aurora borealis was reported as far south as Knoxville, Tenn., and extended west to Topeka, Kas. The display began about 9 o'clock and continued for two and three-quarter hours.

New York, March 8.—Weather sharks agreed today that it was the aurora borealis that astonished New Yorkers during the night with strange manifestations of light in the heavens. At first the theory was advanced that thin cloud formations in a clear sky caused the phenomena. The lights were visible all along the coast.

DEPENDENCE OF GREECE IS SEEN IN GERMAN DRIVE

New Designs if Carried Out
Would Force Request for
Aid From Allies

SITUATION MAY LEAD TO
ACTIVE PARTICIPATION

Aim is to Keep Bulgaria From
Occupying Too Important
A Field in Europe

By J. W. T. Mason
New York, March 8.—New German designs for a spring offensive against the Allies' position at Salonika, would result, if carried out, in throwing Greece into the arms of the Allies for self-protection. The Greeks, at present, are reluctant to take an active part in the war. A sweep by the Central Powers however, into the attic peninsula, could not be accomplished except at the cost of great disruption to Greek life as would follow a belligerent invasion. The Allies situation at Salonika interferes to a minimum extent with the Greeks but if Greece were turned into a battlefield, the population could not remain passive.

Every national interest of the Greeks would then press for active participation in the war with the allies. The substitution of German occupation of Salonika in place of the Allies, would mean that Greece must thereafter accept an inferior position in the Balkans.

Bulgaria, Greece's principal rival for Balkan leadership, would be able to dominate Greece, with the assistance of the German army of occupation. It is not to Germany's interest to permit Bulgaria to occupy too powerful a field in Southeastern Europe. Such a development would interfere with Germany's Mitteleuropa plans.

The Greeks must not be made hostile to Germany by deliberate acts of aggression, if Germany hopes to try to extend her Mitteleuropa idea. A serious blunder, as to developments after the war, would therefore be committed if the Germans carried hostilities into Greece.

The west front is now the decisive area of the war. The announcement by the British government that the allies have a superiority there in men, guns and aeroplanes indicates that a new German attempt to break through would invite an even greater disaster than a German assault against Salonika. The Germans are now on the defensive and must remain there if they hope to save their man power from well-nigh permanent crippling.

MISTAKES OFFICER FOR BANDIT, SHOOTS

Detroit, March 8.—Mistaking him for a bandit, Dr. Richard Leiman, opened fire with an automatic rifle early today on Patrolman William Ward. One bullet pierced Ward's car, another hit his chin, and a third his right arm.

Ward was examining Doctor Leiman's car, Leiman misinterpreted his intentions and thought he was preparing to drive the car away.

The patrol was looking to see if the car was a stolen machine. He will recover.

MINIMUM WAGE AND UNIFORM WORKING DAY

These Are Proposals to be
Made by Unions Before La-
bor Planning Board

GOVERNMENT SANCTION IS BEING CLAIMED

Stand of Pres. Wilson In Favor
Of Eight Hour Day is Cited
By Leaders

Chicago, March 8.—A universal eight hour day and a "minimum comfort" wage will be strongly urged by the unions before the war labor planning board. Frank P. Walsh, member of the board, indicated this thru his conduct of the employees side in the packing house wage arbitration just ended here.

Government sanction was claimed for this program by reason of President Wilson's stand in favor of the eight hour basic work day and from decisions of federal arbitrators and mediators in labor disputes since the war started. Walsh today cited the statement of W. Jett Lauck, labor expert with the United States shipping board the text of which was laid before stock yards arbitrator Samuel Alschuler. It declared:

"No matter what pre-war standards were, as a matter of policy to insure proper industrial support of the war, a minimum comfort wage should be allowed to workers. Proper hours of work should be granted to secure maximum, most economical and most prolonged output. The eight hour day will do this."

Organized labor's attitude toward capital during the war also was put forth by Walsh in the following words: "The war should not be a period of profiteering. Capital should be given a fair return sufficient to stimulate production and maintain itself."

Judge Alschuler's decision on the packing house employees demands for an eight hour day and increased pay is not expected for several weeks.

MACEDONIA IS NEXT IN LINE FOR PLUNDER

Attention of Allied Leaders Di-
rected to Danger On Salon-
ika Front

PROBABILITY OF
WEST DRIVE SCOUTED

Indications Are That Germany
Will Try Cleaning up More
Easy Land

By Robert J. Bender
Washington, March 8.—Germany's plunder quest through the helpless countries of the Near East is now expected to swing next into Macedonia. Fear of this drive on the Salonika front, where the Teutons, with Bulgars and Turks released from the Russian and Rumanian fronts assisting could deliver a mighty blow, is occupying the attention of allied leaders today.

American military men here have long scouted the probability of a big German drive on the west front this year—where Germany stood to lose much if she failed and gain little if she won. British leaders have now veered to the same view.

How much more according to the Teuton plan is her present campaign, these military men say, of cleaning up the trouble at her back door, annexing hundreds of thousands of miles of territory and millions in wealth from the occupied lands and then at last having cleared away the opposition at her rear, hurl the combined forces of her own and vassal armies against the west front.

As military men view the situation today the armies of democracy are passing through their darkest hour of the war.

Germany has achieved in addition to wealthy industrial districts in Western Russia, the cession of Batum in Transcaucasia to Turkey.

Near Batum are some of the richest manganese ore deposits in the world. Already Germany controls the vast rich oil fields of Rumania, Russia and Galicia and is now wielding the links which will render the grain stores of Ukraine hers in the future.

By driving through Rumania to Odessa, Germany will affect the way for shipping from Trans-Caucasia and Ukraine needed foodstuffs, livestock, oil and other supplies.

And to assure these indefinitely for the future to prevent a recurrence of her recent near famine of food, Germany is expected to drive at the Salonika front and attempt to clear away the last vestige of danger from the allied forces at her rear.

That the allies might find it impossible to adequately meet such a Teuton onrush in Macedonia was frankly admitted yesterday by Chancellor of the Exchequer Andrew Bonar Law.

Sir Eric Geddes, first lord of the admiralty, recently went to Salonika to investigate conditions and the possibility of adequate transportation of troops and supplies to meet the expected German drive. His report apparently was not optimistic. Military authorities here view with equal concern the expected German assault. Enriched by the spoils of her drives against the weak nations of the Near East, Germany, it is believed would be hardly inclined to risk much in morale, men and supplies on a west front drive when there were still more small nations, rich fields, etc., to be overrun, and military men point to the fact that after Salonika—if Germany is successful—she may turn again on Italy, before turning to the clash on the west front.

Meantime, however, as Bonar Law pointed out, "the man-power of Germany is not inexhaustible" and "they can't do everything at once." The allies are preparing, with haste as the watchword for a supreme effort in the west. It is confidently held here that if Germany continues her marauding expeditions after spoils in the east she will pay dearly in the west.

MISS ROSE THUMM MARRIED THURSDAY

The marriage of Miss Rose Thumm of this city to Clinton Wellbrook of Rockford, occurred Thursday afternoon at the home of the groom. The wedding was to have been a social event but Mr. Wellbrook was stricken with pneumonia and the ceremony therefore was gone through with at his bedside.

Mr. and Mrs. Wellbrook will be at home after his recovery, which now seems assured, on a farm three miles from Rockford.

PROBATE NOTICE

STATE OF MICHIGAN, County of Washtenaw, ss.

At a session of the Probate Court for said County of Washtenaw, held at the Probate Office in the City of Ann Arbor, on the 8th day of March, in the year one thousand nine hundred and eighteen.

Present, Emory E. Leland, Judge of Probate.

In the matter of the estate of Raymond A. Clifford, deceased

On reading and filing the duly verified petition of Lorinda S. Clifford, executrix, praying that a certain paper in writing and now on file in this court, purporting to be the last will and testament of Raymond A. Clifford, be admitted to probate, and that Lorinda S. Clifford, the executrix named in said will, or some other suitable person be appointed executor thereof and that appraisers and commissioners be appointed.

It is ordered, That the 30th day of March next, at ten o'clock in the forenoon, at said Probate Office, be appointed for hearing said petition.

And it is further ordered, That a copy of this order be published three successive weeks previous to said time of hearing, in the Ypsilanti Press, a newspaper printed and circulating in said county of Washtenaw.

(A true copy)

EMORY E. LEELAND, Judge of Probate.

PIMP? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil, you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

This Corn Will Peel Right Off!

"Gets-It" Makes Corns Come Off The "Banana-Peel" Way!

Why have to flop on the floor, squeeze yourself up like the letter "Z", and with bulging eyes draw your face up into a wrinkly knot while you rouge and pull at the "quick" of a tender corn? That's

2 or 3 Drops Applied in a Few Seconds—There's no Fussing or Cutting. "Gets-It" Always Works!

The old, savage way. "Gets-It" is the modern, painless, simple way. Lean over and put two drops of "Gets-It" on the corn, put your stocking and shoe right on again, and forget the corn. Pain is eased. "Gets-It" has revolutionized the treatment of corns. It never irritates the true flesh. You'll stop limping on the side of your shoe, and do away with greasy salves, binding bandages, thick plasters and painful methods. Use "Gets-It" its common sense.

"Gets-It" is sold by all druggists (you need pay no more than 25 cents), or it will be sent direct by E. Lawrence & Co., Chicago, Ill. Sold in Ypsilanti and recommended as the world's best corn remedy.

Linoleum--12 Feet Wide

12 foot Linoleum appeals to the purchaser because you can cover your floor without a seam. You know that the seam catches the dirt, permits the water to get to the back of the goods and rot it, and it is at the seam the goods always crumbles and breaks. We consider ourselves very fortunate to be able to offer you seven rolls, at before-the-war prices.

If you want the 6 foot wide goods, we have lots of new patterns in blue, green, and brown inlaid as well as the inexpensive printed goods. Priced from 60c to \$1.25 per yard.

An experienced linoleum layer if you need him.

In Rugs--
